

Calcium Task Force Substance List

Registration has been completed for the following substances:

- Fatty acids, tallow, calcium salts (EC 265-228-7; CAS 64755-01-7)
- Calcium(2+) 12-hydroxyoctadecanoate (EC 221-605-8; CAS 3159-62-4)

If you are interested in purchasing a letter of access for any of the above substances, please email ERGTC@wca-consulting.com.

A number of other calcium compounds fall with the category approach adapted by the ERGTC. Therefore, their dossiers are available but registration has not been completed. The ERGTC do not intend to register any additional calcium substances due to their exemption from the registration process. Please refer to the document "Potential exemption of calcium fatty acid salts" for a full justification.
